NANTUCKET'S FISHING FLEET IN PORT. 1918

Isn't this day lovely!

Happy New Year!

Hope you had a good day Christmas, suppose you ate out with friends. We had a very nice day here. Miss Smith & I had a good walk a.m. at about 20° but very quiet & no wind, some snow on ground but roads perfectly bare. Then after too much turkey dinner, squash pie & cider, walked a couple more miles & saw lovely sunset before we came in. Miss S. has her radio here, so we listened last night to our choir re-broadcast part of the Christmas concert, which W. B. Z. took during Tues. night concert. It sounded very well, Anne especially came over beautifully. They are improving their techni-que each time on transcribing.

Had a very nice time at Margaret's, slept late a.m. & got in a lot of extra rest which I needed. I got in a few walks there, but she can't go very far yet. Her sister came home from college Mon. night. Tues. they had to go to town on business & I went in on a few errands & ate at Schrafft's. We had 7 or 8 in. of snow, but Wed. & Thurs. melted quite a lot of it. I came up here Thurs. now have same room I had last year, very comfortable. Marg. & Mildred left for Phila at 8.

The Inn is quite full although there are not many people here in annex, which makes it nice & quiet. It was zero this a.m. but we walked about 11, & it had gotten up to 20°. Lovely dry air here, wh. is not so penetrating as in Boston. Shall go Thurs. if it doesn't storm stop at school & leave several things & then on down to E. B. for over Sun. Have train duty Mon. & school begins Tues. a.m.

Florence had a lovely day Fri. to fly to Orlando.

Love & very best wishes for 1949.
Hope to find a letter from you at school.
Louise
